

**RERTR 2018 – 39TH International Meeting on
Reduced Enrichment for Research and Test Reactors**

**November 4-7, 2018
Sheraton Grand Hotel and Spa
Edinburgh, Scotland**

**IAEA Designated International Centres based on Research Reactors
(ICERRs)**

Andrey Sitnikov, Frances Marshall, Ram Sharma, and Thomas Hanlon
International Atomic Energy Agency, Research Reactor Section

ABSTRACT

The IAEA designated International Centre based on Research Reactors (ICERRs) scheme is intended to help IAEA Member States gain timely access to relevant nuclear infrastructure based on research reactors (RRs) to achieve their capacity building and R&D objectives. ICERRs are organizations which make their RRs, ancillary facilities, and resources available to organizations and institutions of IAEA Member States through bilateral arrangements, facilitated by the IAEA. This presentation will provide a high-level overview of the ICERR scheme.
