

RERTR 2012 — 34TH INTERNATIONAL MEETING ON REDUCED ENRICHMENT FOR RESEARCH AND TEST REACTORS

Warsaw Marriott Hotel Warsaw, Poland October 14-17, 2012

The U.S. Department of Energy / National Nuclear Security Administration's Office of Global Threat Reduction in cooperation with the International Atomic Energy Agency will host the "RERTR 2012 International Meeting on Reduced Enrichment for Research and Test Reactors." The meeting is being organized by Argonne National Laboratory, Poland's National Centre for Nuclear Research (NCBJ) and Idaho National Laboratory and will be held in Warsaw, Poland from October 14-17, 2012. This will be the 34th annual meeting in a series on the same general subject regarding conversion of reactors within the Global Threat Reduction Initiative.

Information will be exchanged on the progress of national and international programs to develop lowenriched uranium (LEU) fuels and targets for research and test reactors and to convert research reactors and radioisotope production processes to the use of such fuels and targets. The meeting technical subjects will include development of new LEU fuels, development and testing of LEU targets and processes for the international production of Mo-99, design and safety analyses for reactor conversions, transportation and storage of spent fuels, and HEU minimization for Global Threat Reduction. Technical and policy experts interested in attending the meeting must register on-line at www.rertr.anl.gov prior to the registration deadline on September 1, 2012. The RERTR web site will be open for registration soon and contain a reservation form for the Warsaw Marriott Hotel along with other information and links to facilitate attendance and participation in the meeting.

Participants having interest in any of the LEU conversion topics listed above are encouraged to present a paper at the meeting. Please indicate your intention to present a paper by completing the Abstract Submittal form found at the RERTR web site and submitting it along with an abstract of the paper no later than September 1, 2012.

RERTR (www.rertr.anl.gov) web site will become available soon to register for the RERTR-2012 International Meeting. Deadline for registration is September 1, 2012.
